

Applied Neuroscience in Human Development

Eerste semester (sept-jan)		Tweede semester (feb-juli)	
Blok 1	Blok 2	Blok 3	Blok 4
Practice of empirical research	Neuroscience (Clinical assessment and treatment))	Child abuse and neglect: neurobiological aspects and intervention	
Learning, cognition and the brain	Methods and instruments in cognitive and affective neuroscience	Developmental clinical neuroscience	
Research Internship Applied Neuroscience in Human Development		Master's project	Master's project

Digital Media in Human Development

Eerste semester (sept-jan)		Tweede semester (feb-juli)	
Blok 1	Blok 2	Blok 3	Blok 4
Practice of empirical research	Digital thinking skills in education	Internship Digital Media in Human Development	
Digital media in the family: opportunities and challenges	Digital applications in mental health care		
The learning child in a digital world	Master's project	Master's project	Master's project

Educational Science

Eerste semester (sept-jan)		Tweede semester (feb-juli)	
Blok 1	Blok 2	Blok 3	Blok 4
Practice of empirical research	Keuzevak	Learning and Instruction	Educational innovations
Learning, cognition and the brain	Internship Educational Science	Internship Educational Science	Internship Educational Science
Master's project	Master's project	Master's project	Master's project

Forensische gezinspedagogiek September instroom*Alfabetische volgorde*

Eerste semester (sept-jan)		Tweede semester (feb-juli)	
Blok 1	Blok 2	Blok 3	Blok 4
Forensische Gezinspedagogiek: ontwikkelingspsychopathologie en diagnostiek	Preventie, family mediation en behandeling in de forensische context	Child abuse and neglect: neurobiological aspects and intervention	Stage
Practice of empirical research	Stage Forensische Gezinspedagogiek	Stage Forensische Gezinspedagogiek	Stage Forensische Gezinspedagogiek
Master's project	Master's project	Master's project	Master's project

Kinderen met leer- en gedragsproblemen in het onderwijs

Eerste semester (sept-jan)		Tweede semester (feb-juli)	
Blok 1	Blok 2	Blok 3	Blok 4
Practice of empirical research	Learning and ongoing evaluation of learning	Stage	Stage
Kinderen met speciale onderwijsbehoeften	Master's project	Master's project	Master's project
Diagnostiek en behandeling: theorie in praktijk		Stage Kinderen met leer- en gedragsproblemen in het onderwijs	

Leerproblemen

Eerste semester (sept-jan)		Tweede semester (feb-juli)	
Blok 1	Blok 2	Blok 3	Blok 4
Practice of empirical research	Master's project	Master's project	Master's project
Diagnostiek en behandeling: theorie in praktijk	Learning disabilities: a neuro-behavioural approach	Stage Leerproblemen	Stage Leerproblemen
Klinische vaardigheden (Diagnostiek en behandeling)			

Orthopedagogiek

September instroom

Alfabetische volgorde
